Instructions.....Information

To those who are unacquainted with the different classes and varieties of Dahlias we would suggest that such leave the selection to us. Send us the amount of money you wish to invest and in return we will send you those that will surely delight. Also our liberal filling of the order will more than be satisfactory.

ORDER EARLY—As orders are filled in rotation—with field-grown roots only—ordering early will insure the reservation of varieties that later may be sold out.

SUBSTITUTION—Orders are filled with varieties called for, and, unless substitution is asked, we never substitute.

TIME OF SHIPMENT—Unless otherwise ordered, tubers will be shipped between April 15th and June 1st by insured mail AT OUR EXPENSE.

DAHLIAS ORDERED SHIPPED BEFORE APRIL 15TH WILL BE SENT ONLY AT PURCHASER'S RISK OF DRYING OUT, FREEZING OR ROTTING.

TERMS—Cash with order unless parties are known to us. No goods sent C. O. D. unless 50 per cent of purchase price accompanies order.

GUARANTEED—We guarantee safe delivery. We guarantee all roots to grow and to be true to name, and will cheerfully replace any that fail in either respect the following season.

REMITTANCES should be made by bank draft, check, postoffice money order or registered letter. Postage stamps accepted up to $2.00. Coin should not be sent by letter unless registered.

ERRORS—While our system for handling orders is as near perfect as possible, yet in the rush of business errors are possible to occur, and we wish to be promptly notified of such and will at once make same satisfactory. Keep copy of your order for comparison.

NAME AND ADDRESS—Remember to write your NAME, POST OFFICE, COUNTY and STATE; also give STREET NUMBER or P. O. BOX as plainly as possible.

Importer and grower of only the Choicest Domestic and Foreign Dahlias
DAHLIAS ILLUSTRATED HEREIN ARE ALL MASTICK CREATIONS

Foreword

It is with pleasure we hand you our annual catalog, the descriptions in which are to be depended on, also our gardens are absolutely free from stunts or disease of any kind. Our orders are filled with field grown roots only, which we guarantee to grow and to be true to name. Failing in either, we will gladly replace same. We prepay charges on all retail orders wherever sent.

Owing to the business depression throughout the country, we have reduced prices of many dahlias to bring them within reach of all dahlia lovers, without lowering the quality of our introductions or our well known high standard of service.

Thanking you for past favors, and hoping for the continuance of same, we are,

Yours very truly,

M. G. TYLER.

1932 Introductions
SURPASSING OUR MANY PREVIOUS SUCCESSES

JESSICA MILLARD (I. D.)—Of unusual form and coloring, borae erect on a perfect stem it is outstanding in the garden. It won a place on the 1930 Dahlia Roll of Honor and we are using Mr. Hart’s own description, “Every year we look for good lavenders and we are glad to say that in this flower we have found one. It is a fine grower with long-petalled, graceful flowers of a clear pastel lavender with a slight tint of silver through the center of the petal to sharpen the color. For those who love genuine beauty in the Dahlia, this flower will be welcome. It is a real lavender.” Stock very limited. April delivery..................$10.00

MARTHA HOWES (I. D.)—A very dainty garden flower of medium size, but most attractive. Another lavender Dahlia with a decided blue tone and of a graceful and original formation. Stem absolutely erect, and the flowers are borne well above a sturdy bush of medium height. Like all Dahlias of its color, it is rather a late bloomer, but when it starts to bloom it does not know how to quit and the plants are a mass of lovely blossoms until they are cut down by frost..............$5.00

ROB ROY (I. D.)—A 1931 Roll of Honor Dahlia, and again we quote Mr. Hart: “A large deep flower of burnt orange shading towards dark amber; a very rich combination. The flower is strikingly like the once popular Iasunilde; however, it is a larger bloom with more depth. The reverse of the petals shows a flush of mauve.” On the Pacific Coast, new is a decided touch of russet which gives to the closed center the color of a bronzy red maple leaf, kissed by frost. The plant requires severe disbudding. Should be topped once or twice, disbudded for terminal buds and all crotch buds removed. Profuse bloomer after mid season and wonderful petals. After days in a florist’s window the flower had not shown a symptom of drooping and the foliage was as fresh and green as when first picked. We consider Rob Roy the equal of Marmion and Miss Longview and as outstanding. Stems are like canes and flowers and foliage alike insect-proof. Won as the best three-year-old seedling at the Columbia Valley Dahlia Society’s show in Portland, 1931. Stock very limited. April delivery............................$10.00

Previous “MASTICK” Introductions

ADOREE (I. D.)—It has every good point a Dahlia should have: large size, perfect form, freedom of bloom, good keeping qualities and a most exquisite color, soft rose pink, darkening towards center, yellow at base of petals and a glistening golden sheen over all, making it especially beautiful under artificial light. Florets are long and pointed, twisting and curling and giving the flower an unusually attractive appearance. ..........................................................$1.00

ALANNAH (I. D.)—The size, color and form of this dainty flower are unusually attractive, while the stem is slender and erect. Color is deep rose pink shading into paler yellow at base of petals with a satin sheen over all, and the early petals reflex, giving depth to the bloom. The flowers keep a long time after cutting and the foliage is remarkably free from insect pests ......................................................50c

ALLA IV (F. D.)—A bright rich cardinal red, lightening toward the tips of the petals and deepening toward the heart of the flower, with a velvety sheen over all. Of good size with florets placed with just enough twist to the petals to give them a graceful appearance. It is an early and constant bloomer and a good keeper when cut. Blooms are carried well above the foliage on strong slender stems.................................................$2.50

ARTHUR M. HYDE (I. D.)—Named, by permission, after our Secretary of Agriculture. This is one of the largest dahlias we have had the pleasure of introducing. The long, broad petals are arranged so loosely as to give the flower a pleasing, graceful appearance without a hint of coarseness. Stems are strong, holding the massive flowers erect. The coloring is unique, orchid pink, with reverse of burgundy, giving the high, closed center a distinctively charming beauty.................................................$3.00

CARISSIMA (I. D.)—We cannot say too much in praise of this glistening, pure white dahlia. Large and of most attractive form, with numerous long, narrow, gracefully curling petals, it is held upright on a strong stem and challenges the attention of every passer-by. An early and continuous bloomer.............................................$1.00

ELAINE (I. D.)—A medium sized flower of a soft shade of old rose blended with yellow, with each petal rolled at the tips and pointed with gold. A wonderful cut flower, and sure to be a favorite with florists..............50c

GLORIEUX (I. D.)—A. D. S. Certificate of Merit. This is a dahlia of great beauty on long, strong stems. Color is deep golden yellow deepening to gamboge bronze in the center, each petal usually tipped white. Flower is very full and deep and is a free bloomer. The foliage is as wonderful as the flower, being an olive green and very dense .........................................................75c
GRACE BURNETT (S. C.)—Of true type and excellent stem, this beautiful large dahlia of deep velvety maroon is sure to be a great favorite when known. Petals are always rolled to the tips and slightly incurved. Good dark dahlias are scarce and we think this one will be an acquisition to their ranks. $1.00

LADY ALLA (Pascey)—Color is a bright scarlet. Long, strong stems, carrying flower well above foliage. Large flower and a good keeper. Fragrant and more fragrant as a cut flower than on the bush. .....................50c

LORELEI (F. D.)—One of the loveliest dahlias ever grown. Of a bright but soft shade of pure rose pink, lighting the centers to sunny white. Petals are always rolled to the tips and slightly incurved, broadly, gracefully placed floret distinctly outlined with deeper rose. The immense blooms are held erect on strong stems. Very free blooming and the centers are closed until frost. Perfect in form, this dahlia attracts everyone by its sheer beauty. A Roll of Honor Dahlia. .............................................$3.00

MAC GREGOR (S. C.)—American Dahlia Society’s Certificate of Merit. Highest Award California Dahlia Society’s Trial Grounds. The flowers are large and full and carried on long, strong, upright stems. Color is spectrum red, base of petals is lemon yellow. The foliage is as attractive as the blossoms, is not affected by insect pests. It is the first to bloom, and is a free bloomer. .........................................................$5.00

MARMION (I. D.)—This flower is of such enormous size and great depth and looks so massive among the surrounding dahlias as to dwarf them all. The long, cane-like stems hold the huge blooms erect. Color is pure golden yellow with bronze suffusion on reverse of petals, and the deeper bronze tone on the high, full center and outline of same shade around each petal. Florets are long, wavy and curling in such fashion as to eliminate every hint of coarseness. Form is perfect, and early and late the stems are covered with blooms. ‘Marmion’ was awarded a Certificate of Merit in France by ‘The Societe Nationale d’Horticulture de France’. .....................................................$1.00

PHYLLIS ASH (I. D.)—Pure white cactus, with florets of good substance, slightly claw-shaped and incurved. Has a grand habit, fine stem, is a profuse bloomer and a good keeper. .........................................................50c

ST. ELIAS (Cact.)—Pure white cactus, with florets of good substance, slightly claw-shaped and incurved. Has a grand habit, fine stem, is a profuse bloomer and a good keeper. .........................................................50c

ST. HELENS MIST (F. D.)—Perfect in formation, large and of good depth and a clear glistening white color are some of our reasons for claiming it is one of the best white dahlias yet introduced. Petals are broad and regular, but as can be seen in the illustration, the flower is not at all stiff. There is a faint tinge of cream at base of petals, giving a glow to the heart of the flower. Stems are perfect, holding the blooms upright to the center. Plants are dwarf and flower freely. .........................................................$4.00

SYMPHONY (I. D.)—A soft chamois overlaid allizumae pink with reverse of deep old rose, which on the earlier blooms forms a distinct border % of an inch wide around the edge of the petals. A large dahlia with broad petals which incurve and its stems are all that could be desired. .........$1.00

MISS LONGVIEW (S. C.)—The coloring of this huge dahlia is bright canary yellow with reverse jasper red which suffuses the many outer rows of petals as the flower matures, while the inner ones retain the yellow coloring, the whole flower enhanced by a glistening sheen. Its immense size, long, strong stems, full center, long blooming season, make it outstanding wherever grown. Perfect form. .........................................................$2.50

T. M. PATTERSON (I. D.)—Another red dahlia, but one of the best. Color rich bright carmine; size large, stem perfect, flowering habit excellent and keeping qualities of the best. What more can be asked of any dahlia? .........................................................$1.00

BOYCROFT (S. C.)—Almost star shaped, and of an odd and striking color, best described as cinnamon buff, deepening to tawny russet in the center. Of large size, excellent form, petals rolled to tips and never showing an open one. One of the first to bloom. Foliage insect proof. .........................................................75c

CARMANIA (English I. D.)—Very large flowers, compact and rounded in form, with broad petals often quaintly curled, or bluntly pointed. Color a remarkably brilliant yet deep yellow, deepening at base. Habit dwarf and free flowering, with blooms carried on hard, erect stems. One of the best in every way. $5.00

FANTASY (English F. D.)—The form of this variety is quite distinct, the flowers being large and full, but globular, with older florets partially reflexing. Color scarlet, body tipped white, produced in profusion from early till late, and carried on giant stems. ..........$2.50

FRAU O. BRACHT (German I. C.)—This was the sensation of the New York show. Its distinctive form and clean-cut beauty gave it its place of honor. Color is a clear pale primrose, produced in profusion from early till late, and carried on giant stems. Received Certificate of Merit in Germany, England, Holland and at Storr's, Conn. ..................$3.00

GRACE CUELING (English I. D.)—A glorious dahlia of great size, imposing and beautiful in form and color. The latter is pure white at base and to half the petals, then changing to lime-pink, and the outer petals are covered with blooms, blunter tapering and tastefully notched at tips, and forming flowers second to none, if indeed, equalled by any dahlia yet raised. Growth of plants and flower stem hard and wiry. .........................................................$3.00

LORD LAMBORNE (English S. C.)—One of Stedwick’s greatest successes to date. Blooms are of tremendous size and a most pleasing form, whilst stems are so strong as to hold them easily quite erect. Color has been described as a perfect harmonic of pink and gold, but the old gold and bronzy tints are pronounced. .........................................................$5.00

MAYFLOWER (English I. C.)—A large pure white flower of exhibition form and type, carried on a good stem. The florets are numerous and very narrow and continue right to the center. Plants are dwarf and flower freely. .................................................$2.50

Late FOREIGN Importations
JESSICA MILLARD
MISS ANNIE LILE, J. P. (New English I. D.)—A lovely flower unique in form, more like a Chrysanthemum than a Dahlia, the ribbon-like florets reflexing, curling and interlacing in very deep flowers. Entirely unlike any other. The flowers are so freely produced from early in the season to late frost as to almost cover the low growing plants, from three to four feet in height. The outer petals are beautiful light pink with deeper coloring at the center and are held on strong but slender stems. On this coast the lavender tone prevails early in season, gradually changing to orchid pink after mid-season. Won highest award in Portland as Best European Dahlia. Illustrated on front cover .......................................................... $5.00

MME. A. BREULS (Holland S. C.)—A very pretty garden cactus which was considered one of the best introductions of the season on the European continent, on account of its profuse flowering, bright pink coloring and long, upright wiry flower stem. Excellent for florists .......................................................... $2.00

SEMEUR NAGELS (Belgian I. D.)—Plants are of irreproachable habit, very free flowering, completely covered with perfect flowers on strong, rigid stems two feet above the foliage. A new and original coloring, Indian yellow shaded with copper. Four Certificates of Merit .......................... $5.00

General Collection

ACHIEVEMENT (S. C.)—Gold with bronze shading. In depth as well as diameter this flower is one of the largest grown, and the formation is most pleasing, the many petals being curled and twisted in an artistic fashion. A wealth of blooms under all weather conditions. Stems are perfect Winner of 1930 Achievement Medal given by The American Home at the Palace Hotel Show ........................................ $10.00

ALBERT (I. D.)—Winner of an A. D. S. Certificate. A veritable masterpiece of beauty, one that has won many prizes as largest dahlia in the show. Illustrated on front cover ................ $2.00

ALEXANDER (Holland S. C. Cactus)—A veritable cactus type, center high and full. Excellent grower and the blooms are usually produced at a pleasing angle to the stem. $7.50

ANNE CRAMER (Washington S. C.)—A red shade of primrose yellow suffused rose. A very vigorous grower and free bloomer with immense blooms held erect above the tall plant, it is one of the most outstanding in the garden. In spite of its size, it is very dainty and attractive .................................................. $1.00

ANNE IVANS (Indian I. D.)—A glorious dahlia in every sense, color, form, size. This is one of the big fellows, and when the blooms attain large size the flower has an added distinction in the curl of the end of the petal. Color is rich, clear golden yellow, without tints or blends. Flowers held erect on strong, stiff stems .......................................................... $2.00

BARBARA REDFERN (I. D.)—A decorative with a rich salmon, overlaid with an amber and pink shadings, gradually deepening toward the tips and outer floral rays. The flowers are the largest and set just right on perfect stems. Strong grower and free bloomer from early till late ...................... 75c

BETTY MARILYN (I. D.)—An Oregon dahlia of very large size, being deep as well as wide. Petals are spiny and colorful, a beautiful shade of lavender pink or pinkish lavender. Plants are tall with broad leaves and always full of blooms .......................... $5.00

BETTY IVINS (I. D.)—A remarkable flower of huge proportions. Petals thickly placed to form a very full flower. A Roll of Honor Dahlia and one that has won many prizes as largest dahlia in the show. $7.50

BERENGARIA (English S. C.)—The originators of this dahlia consider it one of their triumphs in every way and when we saw the immense blooms growing on sturdy plants we could well agree with them. Colors are orange at center, gold at tips, with golden sheen over all. In form it more resembles the Semi Cactus type than the Decorative .................................................. $1.00

BETTY IVINS (I. D.)—A Roll of Honor Dahlia and one that has won many prizes as largest dahlia in the show. $7.50

BEAU IDEAL (I. D.)—An ideal decorative of a pinkish lavender. Called by the originator a Mariposa in decorative form, we can recommend it as being quite as lovely as Mariposa. Good habit of growth, plants medium tall, stems stiff and carry flowers well above foliage. Exhibition type ................................................. $1.50

BETTY IVINS (I. D.)—A Roll of Honor Dahlia and one that has won many prizes as largest dahlia in the show. $7.50

CANBERRA (English F. D.)—A companion variety to CITY OF TRENTON (I. D.)—A variety of wonderful CITY OF PORTLAND (Oregon Paeony) CHEMAR'S MASTERPIECE—A huge incurved cactus CHEMAR'S EUREKA (F. D.)—A new Oregon dahlia of great

CAPRICE (New California I. D.)—1931 introduction of Mr. Mawson's which was awarded two gold medals at the Palace Hotel Show, for the best individual bloom and for the best three-year-old seedling. At the San Francisco Auditorium it was awarded first for the best new introduction. Immense flowers both as to size and form under all conditions; are so placed on long stems that they show their beauty to the best advantage. $7.50

CHAMPAGNE (F. D.)—Color is rare and beautiful, stem is heavy and holds a massive flower absolutely upright, and the bushes are plentiful producers of blooms. Coloring is a dull golden champagne, varying to chamois. 50c

CHAMPOEG (F. D.)—A new Oregon dahlia of great beauty. Color is waxy yellow at the center shading to bright peach red towards the outer edges of the petals, forming a perfect sunburst, the two shades being blended together as though painted by an artist. Back of petals are very yellow. The stems are stiff, holding the immense blooms facing you, on medium tall plants, with thick and rough foliage. Very free bloomer, and good keeper when cut. $10.00

CHEMAR'S EUREKA (F. D.)—One of the best white decorative in cultivation, an extra strong grower that insects will not attack. The large blooms are held erect on extra long straight stems and keep well when cut. Under certain soil conditions, an occasional bloom will show a slight pink suffusion at the center, which disappears when the flower matures. $2.50

CHEMAR'S MASTERPIECE—A huge incurved cactus flower of orchid pink or soft orchid coloring which everyone loves. The flowers are extra large, of perfect form under all conditions; are so placed on long stems that they show their beauty to the best advantage. $1.00

CITY OF TRENTON (I. D.)—A variety of wonderful many blooms are very large and are held erect on long stiff stems well above the foliage. The fronts of the petals are a rich glowing tangerine orange while the reverse is crushed strawberry red. The gracefully curled petals give a two-toned effect, creating an impression of red with orange of flame radiating from a full glowing center. A splendid grower and a show dahlia. Extra recommended. $2.00

CLOUDLAND GEM (F. D.)—This large, deep dahlia with its high, rounded center opens creamy white, deeply tipped mauve pink. As the blossom matures it changes to an exquisite shell pink, the form changing also. It is beautiful and holds its size until frost. Plants are tall and vigorous and highly recommended. $7.50

COL. CHARLES A. LINDBERGH (I. D.)—Exhibition of a handsome rose "du Barry" shade, overlarge and suffused with old ivory, shading off to pale gold at center. Reverse of petals light carmine pink. Stems rigid and straight, dark green foliage and good habit of growth. $1.00

CONQUISTADOR (S. C.)—A very large bloom of soft creamy yellow shading to pink at base of petals. Bushes are tall and vigorous and stems are long and strong. A large exhibition dahlia with unusual keeping qualities. A "best Dahlia" in the show variety. Extra recommended. $8.00

COURONNE D'OR (I. D.)—A wonderfully fine, large flower of a rich golden apricot coloring with the reverse of the petals rosy carmine, which reflects in a luminous manner to the face of the flower. It was one of the outstanding varieties in our trial gardens during the entire season and the blooms were always bright and strong. $7.50

CREAM OF THE GARDEN (I. D.)—Color is rich cream with irregular shadings of light lavender over the outside, brown and free flowering. Color deep crimson-scarlet throughout. $1.50

DADDY BUTLER—This is a large semi cactus of truest form for exhibition. The many petals are perfectly rolled. The color is of the American Beauty rose shades or rosy carmine, and the reverse of the petals is a lighter tint. Stem is perfect. 50c

DAD'S FAVORITE (Oregon I. D.)—We would call this a greatly improved Grizzly, as flowers are very much like the old favorite except that they are much larger in size. Blooms are a rich, deep, crimson maroon. Stems are good and plants are strong growers. $1.50

DAVY CROCKET (I. D.)—Another fine dahlia from the mountains of Tennessee of giant size and great depth. This is a true clear scarlet, the brightest in the garden, with strong, rigid stems and perfect closed center. A prolific bloomer from early until late. Admired by everyone. $1.00

DERRILL W. HART (I. D.)—Color euphine yellow shading to grenadine red. In cool weather almost copper color. The petals are very strong, the large well formed flowers are held erect on the best of stems. Greatly admired in our gardens and highly recommended. $3.00

DONNA CALIFORNIA (I. D.)—Deep rose pink suffused with lavender, and undoubtedly the largest of this coloring. Flower is not heavy considering its size as its petal formation is loosely arranged rather than solid. Won as best undissemintated three-year-old seedling in 1929. Roll of Honor Dahlia. $5.00

DORIS FELLOWS (Washington F. D.)—One of the finest clear lemon yellow blooms. Bushes are very large and are held erect on medium to tall habit of growth, upright stem and large size. Scored at N. W. Trial Grounds. $3.00

DOROTHY DIX (S. C.)—An immense blossom of silvery pink of distinct incurved formation, centers always closed. Petals roll very evenly. Stem is perfect, long and stiff. Plants grow tall and sturdy and produce big flowers early and late. $2.50

DR. CURTIS HOLCOMBE (I. D.)—Clear lemon yellow with delicate apricot tints on outer petals. The high centered flowers as they mature have a loose artistic form with petals curling gracefully, the back petals reflexing. Vigorous grower. $2.00

DR. JOHN H. CARMAN (F. D.)—This fine dahlia was given a thorough test in our gardens the past season, and made good under the most trying conditions. The blooms grew to great size. The color is a rich tyrian rose, tipped peonin and silver. Flower is broad petalled, of good depth and it blooms almost above the foliage. Plant a good grower and flowering habit good. Foliage large, tough and discouraging to leaf hoppers and other insects. $2.50
Dwight W. Morrow (I. D.)—A gigantic red dahlia that is admired by everyone. Not only does the size and form of bloom make all who see it ardent admirers, but its rich, warm color longed for by all lovers of spectacular dahlias. A healthy grower with heavy leathery foliage and should be topped once or twice and disbudded for terminal buds. Won first in the Informal Decorative class at the Atlantic City Show. Blooms the outstanding prize of the show for the first four months of the year. $10.00

Eagle Rock Fantasy (I. D.)—Of monster size, imposing and beautiful in form and color. Huge broad florets tapering and notched at tips. Clear mallow pink of great size and depth. Good habit of growth and the best of stems. An Honor Roll Dahlia and a prize winner everywhere. $15.00

Eagle Rock Gem (S. C.)—Maize yellow shaded orient. Hybrid Cactus. Cream petals. One of the finest of its kind. Petals are well formed, firm, and deep. Huge blooms, long, healthy stems, and free blooming. $8.00

Eagle Rock Jewel (S. C.)—Hybrid Cactus. Cream overlaid cameo pink. Considered by many as the most beautiful in color of any dahlia. Large flowers, strong stems, and free blooming. $1.00

Edith Beryl (I. D.)—A flower of medium size and perfect form of a soft buff yellow tone with reverse of pink which blends with the yellow, giving the flower a creamy pink shade. Petals curl and twist, making a most attractive bloom. Tall plants full of flowers most desired by florists. $1.00

Edna Ferber (S. C.)—An immense dahlia with an exceptionally fine, stiff stem. Color a glistening coral shading to old gold at base of petals. One of the first flowers to attract attention both in the field and on the exhibition table on account of its extreme beauty and size. Petals curled and twisted, making a very graceful form. Medium tall to tall, light of growth, dark green and thick. $1.50

El Dorado (F. D.)—Size, stem and color are of the best and these three characteristics interest a person most in a dahlia. It is of a vivid gold coloring, which is emphasized by the deeper tones at the base of the petals. $1.00

Elite Gem—A true cactus of fine form. Winner in the cactus classes at New York, Trenton and Atlantic City. Medium sized blooms are supported on fine stiff stems. Color is spiny pink blush on primuline yellow at the base; reverse rosealine purple. The plant is a vigorous grower and blooms continuously throughout the season. $2.50

Elite Glory (F. D.)—It is a monster flower of a brilliant rich red color with no shading, held perfectly erect on stiff stems. Another of those beauties that the visitors rave about. Elite Glory is here to stay for those who like size, as it has quite a reputation on winning for largest in the show as well as all kinds of other prizes. $1.00

Elkridge (I. D.)—Winner of the Garden and Home Builder Medal and Sweepstake Prize in 1926 at the Dahlia Show of the American Dahlia Society. A most beautiful white dahlia, strong stem, robust grower, great depth of substance, free, continuous, and the best commercial varieties. $1.00

Ellinor Vanderveer (F. D.)—A dahlia of great size and beauty, having every desirable quality. The blossoms are of a glowing satiny pink. Flowers are of good depth and substance and are held above a tall, healthy, strong, stiff green stem. Early blooming. $1.00

Elsie Oliver (S. C.)—An enormous creamy pink, shading to cream in the center, a delicate pastel blend of pink and cream. This beautiful dahlia is of perfect formation. $1.00

El Ray (F. D.)—Extra large blossoms of Jersey’s Beacon type, in a rich, golden salmon. Strong grower. A real winner. American Home Sweeptakes at the Biltmore, Los Angeles for the best seed sending. $2.00

Empire (Cactus)—A very large, beautiful dahlia of a soft raspberry red tone with perfectly rolled incurved petals. Bushes are covered with perfect blooms till frost. Sells for a dollar and a half and is one of the most spectacular dahlias. $1.50

Ernest de Muyter (Belgian I. D.)—A lovely shade of cyclamen rose with a decided lavender tint. The plant is tall and sturdy and the stem is the longest we have ever seen. Strong but slender and graceful and absolutely leafless from two and a half to three feet in height. $1.00

Eshcol (California F. D.)—This is a beauty of a most strikingly handsome, dark, rich, velvety, reddish bronze, deeper by far than Amun Ra, and reminds one of all the deeper autumn shades on maple trees. Reverse of the petals is a dark wine color maroon, which adds depth and character to the whole flower. The center is so rich in color. Foliage is darker than the average. $3.50

Eugenia (S. C.)—An outstanding fluffy old rose semi cactus whose lovely color and gracefully waved and rolled petals command its beauty lovers. Blooms are of large size and are carried on upright stems above a strong growing plant. Was awarded the Garden & Home Builder, Achievement Medal at Los Angeles. $1.00

Fierete Anversoise (Belgian Cactus)—One of the largest of its class and to our minds the most beautiful cactus we have ever grown. Of a dull violet purple, with outer petals to pure white in center, which is always closed. Perfect form and is borne on a stiff, upright stem. $1.00

Flaming Meteor (I. D.)—It is large, of splendid form and unexcelled keeping qualities and is held upright on long, strong stems. One of the most beautiful of this dahlia and also of Mrs. Eleanor Martin, and yet it is a beauty of our own. $1.25

Flying Ambassador (I. D.)—One of the most beautiful white dahlias we have ever grown, with long, erect, sturdy stems, and free blooming. It is a beauty of the dahlia world. The predominating color is a rich crimson maroon, with shading of bluish violet at tips of petals. The flowers are well formed of immense size, and are borne on long stiff stems high above the foliage, and look you right in the face. Does not burn and is a splendid keeper, both on the plant and when cut. Plants are of medium height, 30 to 40 inches. $2.50

Fort Monmouth (I. D.)—One of the giants of the dahlia world. The predominating color is a rich crimson maroon, with shading of bluish violet at tips of petals. The flowers are well formed of immense size, and are borne on long stiff stems high above the foliage, and look you right in the face. Does not burn and is a splendid keeper, both on the plant and when cut. Plants are of medium height, 30 to 40 inches. $2.50

Fort Washington (I. D.)—An exceptionally large, dark maroon flower. Fine for exhibition. Borne on long, straight stems above the foliage on plants of tall habit of growth and very robust. $1.50

Francesca (California I. D.)—An old and original shade in dahlias best described as a dull tanned rose with a distinct violet suffusion. Color, a rich golden bronze made up of many autumn tones. $5.00

NAGELS IDEAL (Belgian I. D.)—A new introduction truly remarkable for its new and entirely unknown color in dahlias, violet cobalt blue. A very beautiful type of dahlia with large flowers held well above the plant on long, rigid, solid stems. A variety of great promise and extra for cut flowers. Magnificent plant decorative in the garden on account of its finely cut foliage of a bluish green color. Certificate of Merit from England and Belgium. $1.50

NAGELS MASTERPIECE (Belgian I. D.)—An immense flower of deep golden yellow with bronze shadings in center and on reverse. Rigid, upright stems hold the blooms erect and it is a most profuse bloomer from early till late. Certificate of Merit in Belgium. $2.50

NAGEL’S ROEM (Belgian S. C.)—Immensely flowers borne aloft on very rigid stems. Coloring Naples yellow blended as to give a striking brown tone. Vigorous grower, stem stiff. For exhibition. $75c

NANCY ROBINSON (I. D.)—Undoubtedly the most attractive and outstanding of any of the newer varieties. Not an exhibition flower, as it is only of medium size, but seizeing the attention of all by its unique form, with every petal separate and “perky,” as much as to say “pass me by, if you can,” which no one is able to do. Stems slender, in the middle of the flowers quite exquisite, soft pink flowers above the plant. A most profuse bloomer and every bloom perfect, it is a joy to florists $5.00

NARCISSE (Belgian I. D.)—Immensely blooms; most of them one foot across and of most attractive formation with gracefully arranged petals. Perfect form and good stems and one of the largest in the garden. A winner in “Largest Flower in the Show” class. $1.00

NATURE’S MASTERPIECE (Oregon I. D.)—A color that is hard to describe, but it is a blending of old rose, mulberry and metallic bronze. A rich combination and an old flower, the large blooms being held erect on extra strong, upright stems. $75c

NELLIE AUSTIN (New I. D.)—This attractive flower comes to us from Ohio and we have been chosen to introduce it to the Northwest. It received a score of 86 at Storrs in 1930 and three blue ribbons with three first places in the show of the Show of the Ohio Dahlia Society in Cleveland, the originator won three prizes, 1st, 2nd and 3rd. Color is peach-red streaked with huff yellow or pinard yellow. Flowering habit good. Strong stem, flower on side. Size of flower seven inches, depth two to four inches. An excellent stock of this variety enables us to put upon it the low price of $3.00

NEW GLORY (S. C.)—This dahlia is all that its name indicates. Is one of the most striking Cactus Dahlias. Has been exhibited in many shows and has won many prizes. Is large, standing on a strong, stiff stem, free bloomer. Deep Ox blood red with tips of petals blazed with white. The petals have a charming quilled effect near the petals, and must be seen to be appreciated. $2.50

Nopal (S. C.)—A large nopal red hybrid cactus. This is one of those rare reds that delight the grower who is tired of growing flowers that sunfache. Artistic form, perfect center, and cascades of petals are among its charms. $1.00

Orange Wonder (F. D.)—A seeding of Jersey’s Beauty with all its characteristics except color, which is a rich blending of golden orange to burnt orange. Petals are broader than those of its parent and it is a larger flower and freer bloomer. $1.00

ORIENTAL BEAUTY (California Cactus)—A magnificent cactus that has to be seen to be appreciated. A clear, brilliant rose pink, a tone deeper than Delice. Just a suggestion of a lighter tint at the tips accentuates the beautiful incurved form. Plants tall, strong growers and insect proof. Its wonderful color, perfect form, fine keeping qualities, long erect stems, full center, and long blooming season, make it outstanding in any collection. $3.00

PAPSAM WHITE (I. D.)—This dahlia from Kentucky is a clear shade of pure golden yellow—very large and borne on a perfectly upright stem far above the foliage of a medium height plant. The best true yellow Semi-Cactus without a hint of shading we have grown. $5.00

RING OZEL (English Cactus)—Quite a new color in cacti, a considerable portion of the petal being deep rose, shading to white at the base of petals. The bloom face upward. The formation of the flower is best described as like that of a water lily. Good bloomer and good keeper on the plant and when cut. $1.00.

ROLLO BOY (I. D.)—Blooms are of great size carried erect on strong stems and are of a delicate shade of amber, shading to old gold. For exhibition purposes it is one of the best. $1.00.

ROSE STILSON I. D.—Of great size of a deep old rose touched with violet, shading to gold at base of petals. The deeper old rose of the reverse gives the center added beauty. Plants are of medium height and long stiff stems hold the flowers erect. $2.50.

RUNA (F. D.)—A charming new orchid pink that we have grown for the first time and found it everything the originator claimed for it. For the abundance of its large blooms and lovely color few dahlias surpass Runa. Its long stems and unusual keeping qualities make it an especially desirable cut flower. $1.00.

SALBAUGH’S WHITE (F. D.)—A superb white decorative of perfect form. Full and deep and of wonderful substance. Excellent stems; blooms profusely. One of the whitest dahlias in commerce. $1.00.

SANTA ANA (I. D.)—One of the largest and best hybrid cactus of this shade. A beautiful salmon-rose, suffused with gold. The plant is of medium height and a free bloomer. The flowers are held well above the dark green foliage on good stems. The petals are long and wavy, which give the flowers striking form. $1.00.

SANTA ANA (I. D.)—One of the largest and best of this shade. A beautiful salmon-rose, suffused with gold. The plant is of medium height and a free bloomer. The flowers held well above the dark green foliage on good stems. The petals are long and wavy, which give the flowers striking form. $1.00.

SEAL’S CALIFORNIA (F. D.)—This huge dahlia has a beautiful blending of color—bright golden yellow at the center shading lighter toward the outer petals, the tips of which are suffused very lightly with a bronze rose pink. The stems are unusually strong and blooms are fine keepers. $2.50.

SHAIRAZAD (I. D.)—A gorgeous new variety that can easily be grown to a foot in diameter, with great substance and depth, and carried erect on rigid stems. A deep but soft clear rose pink without any purple tones. Bush is tall and vigorous, and the flower holds itself in a proud and queenly manner. $15.00.

SHADOW’S LAVENDER (I. D.)—A very large bloom of silvery lavender, slightly shading to white. The stem is perfect, long and stiff, and holds erect the big flower. Excellent as a cut flower. $0.50.

SIGNOUR (Belgian Cactus)—Huge blooms standing well above the foliage on very long, strong stems. Brilliant, pure blood red. The flowers are most peculiar inasmuch as they have small twisted florets growing between the rows of large, incurving petals. $1.00.

SILVERADO (S. C.)—Said by introducer to be the largest dahlia of its class ever produced. It is of white, gradually shading toward the center to a delicate silvery lavender. The stems are long and strong and the tall, well-branched bushes are always covered with large, feathery blooms. $1.00.

SILVERHILL PARK (English Cactus)—Awarded Gold Medal for the best cactus Dahlia at the National Dahlia Society’s show at London, England. It is massive in size, beautifully incurved in form and with a perfect center. It combines all points which go to make a perfect variety. The plants are strong, and the flower stems are very good. $1.00.

SIR JOHN CARLING (I. D.)—Here is one you have all been waiting for. It has all the good qualities you would expect in a dahlia. Size, stem, color and insect resisting foliage. Color is a royal purple of an entirely new shade which we have never seen in a dahlia. Does not burn in the hottest sunshine and never shows an open center. The huge blossoms are held erect on fine stiff stems and the plants are always covered with blossoms. $3.50.

SISIKYOU (S. C.)—This dahlia has carried off many prizes for largest flower in show. Blooms are held erect on very strong stems and are a perfect variety. Enormous flower. $75c.

STAR OF BETHLEHEM (S. C.)—Here is a new type of cactus. A large full flower with a long pointed center resembling a star. Huge blossoms of pure white are borne on long, fine stems early and late. A healthy and vigorous grower and has won many prizes. $3.00.

SUNNYSIDE (I. D.)—Very large blooms of a clear shade of grenadine red greatly intensified with metallic shadings. The immense flowers, always with full centers, are of beautiful formation. The petals are long and flat back, almost meeting. The stems are straight and stiff as a cane making one of the most vivid spots in the garden. Fine for all purposes. $1.50.

French “STELLA” Dahlias
(OR “ORCHID FLOWERED” DAHLIAS)

A new race of dahlias from France of which we have given the introducer's description. In size they are from two to three inches.

"We have given to this race, so original and artistic, the name of 'Stella' for the reason that the formation of the flowers brings to our minds the form of a star, or more precisely an 'Etoile de Mer' (starfish). They have for the principal characteristic the pretty forward roll of the petals showing the reverse, generally of another color than the face. These flowers, of a fairy-like grace and delicacy without an equal in dahlias, lend themselves better than all other varieties to the ornamentation of the table, the home and for any other purpose for which flowers are used."

Cultural Guide

Dahlias are easily grown, requiring no special soil, treatment or skill to bring them to perfection.

They are really an Autumn flower and should not be planted too early. They are remarkably free from disease and have few special enemies.

Plant in sunny situation, although they will do nicely in partial shade.

Prepare the soil by deep spading; if soil is sandy a shovel full of well rotted manure may be incorporated with it; if otherwise use little, if any, fertilizer before plants begin to bud. Add sand or coal ashes to heavy soil.

Drive a stake in each hole to support the plant. Lay root down flat with eye upward and next to stake, about six inches deep, and cover two inches with pulverized soil, gradually filling to level as plant progresses.

As soon as plants are large enough, pinch out the top just above the second or third set of leaves; this causes the plant to branch.

Cultivate well until buds appear, then stop all cultivation except light raking after rain or watering, just enough to break the crust of ground; only be sure and do this.

When buds appear spread manure or some fertilizer around plant and rake lightly into the soil.

Sometimes a perfectly good root with a good eye will refuse to sprout; in such cases, dig up the root and soak for 24 hours in fresh water; this usually will cause it to sprout in a reasonable time after replanting.

Unless weather is very dry and hot, do not begin watering until buds appear, then soak the ground thoroughly (not sprinkle) about once a week or ten days. Cut off all faded flowers with as much of the stalk as you can.

For extra large blooms disbud by pinching off all the buds in a cluster except the strongest one.

For cut flowers pick in the evening or early morning if possible; burn the ends of stems in any flame, or dip in boiling water for 10 seconds; after either treatment place in cold water and put in cool place free from draft until wanted.

When frozen down in Autumn, cut stalks off at the ground and dig carefully so as not to break neck of root, for the eyes for next season’s growth are only found where the root joins the stalk. Store same as potatoes where they will not freeze, shrivel or rot. Turn the clump upside down to drain out any moisture that may start decay.

OREGON DAHLIA HONORED IN FRANCE

The Mastick Dahlia "Marmion", as grown in France during the season of 1927, received a certificate of merit from the Societe Nationale D'Horticulture de France. This is a decided honor for any flower, since to receive the award of this Society it must be far above the average of those that are granted awards in this country. In consequence comparatively few certificates are awarded by the French society.—From Florists' Exchange.

Orders are filled with clean, plump, healthy, true-to-name roots, guaranteed to grow, and we will cheerfully replace any roots that fail in this respect the following season; also you will find that these roots are to be preferred to plants, being much more satisfactory in every way.
